OBJECTIVE

Seeking a stable, profitable company to leverage my talents, gain experience, and enhance its reputation.

EXPERIENCE

GUVI GEEKS NETWORK Pvt.Ltd , Chennai - 2024 - Present

Skill development Engineer

Mentored and guided students on full stack technologies, including React, Node.js, MongoDB, ContextAPI & Redux

Designed and delivered training modules on advanced web development and project architecture.

Did multiple proof of concept projects involving AI integrations for task evaluation, chat applications, resume evaluations, and Retrieval Augmented Generation (RAG)-based AI apps.

Reviewed learner code, improved logic and structure, and promoted best practices across the team.

GUVI GEEKS NETWORK Pvt.Ltd , Chennai -2024 - 6 months

Tech Support Intern - MERN

Provided hands-on technical support for MERN stack learners by resolving code issues and assisting with project workflows.

Actively contributed to the development of POC like SQLKATA, an SQL practice and testing tool. which is live now

EDUCATION

MCA,

Kongu Engineering College, 2022 - 2024

CGPA - 8.4

PROJECTS

SQLKATA - Built an interactive platform for learners to practice and test SQL skills with real-time code execution and test case validation. Designed an admin panel for uploading and managing custom SQL exercises and challenges. Focused on both theoretical learning and practical evaluation. **MERN** stack is utilized

ZEN CHAT - Developed a real-time chat application supporting text, audio, image, and video communication using **Socket.io**. Enabled features like message editing, search functionality, and user profile management. Built using **React**, **Node.js**, **Express**, **MongoDB**, **Tailwind CSS**.

SKILLS

*ReactJS, *Redux, *Context API, *Tailwind CSS, *NodeJS, *MySQL, *MongoDB, *Socket.io

HOBBIES

* Upskilling, * Meditation, * Running, * Music, * Audio Books

ACHIEVEMENTS

* Assistant School People Leader during HSC, * 2nd Prize – Web Design Contest, Karpagam Engineering College
